

# METE – Mathematics and Economics: Trends and Explorations

A conference celebrating Mete Soner's 60th birthday  
and his contributions to Analysis, Control, Finance and Probability  
4 – 8 June 2018

Beatrice **Acciaio** (London School of Economics)  
Robert **Almgren** (Quantitative Brokers)  
Luigi **Ambrosio** (Scuola Normale Superiore)  
Peter **Bank** (Technische Universität Berlin)  
Erhan **Bayraktar** (University of Michigan)  
Bruno **Bouchard** (Université Paris-Dauphine)  
Piermarco **Cannarsa** (Università degli Studi di Roma)  
Pierre **Cardaliaguet** (Université Paris-Dauphine)  
René **Carmona** (Princeton University)  
Patrick **Cheridito** (ETH Zürich)  
Freddy **Delbaen** (ETH Zürich)  
Yan **Dolinsky** (Monash University and Hebrew University)  
Craig **Evans** (University of California, Berkeley)  
Peter **Friz** (Technische Universität Berlin and WIAS)  
Xin **Guo** (University of California, Berkeley)  
Robert **Jerrard** (University of Toronto)  
Ioannis **Karatzas** (Columbia University)  
Pierre-Louis **Lions** (Collège de France)  
Johannes **Muhle-Karbe** (Carnegie Mellon University)  
Benoît **Perthame** (Sorbonne Université)  
Jean-Charles **Rochet** (University of Geneva)  
Walter **Schachermayer** (Universität Wien)  
Steven **Shreve** (Carnegie Mellon University)  
Panagiotis **Souganidis** (The University of Chicago)  
Nizar **Touzi** (École Polytechnique)  
Thaleia **Zariphopoulou** (The University of Texas at Austin)
