The 8th Annual Workshop on Mathematics in Medicine, Vienna 2025

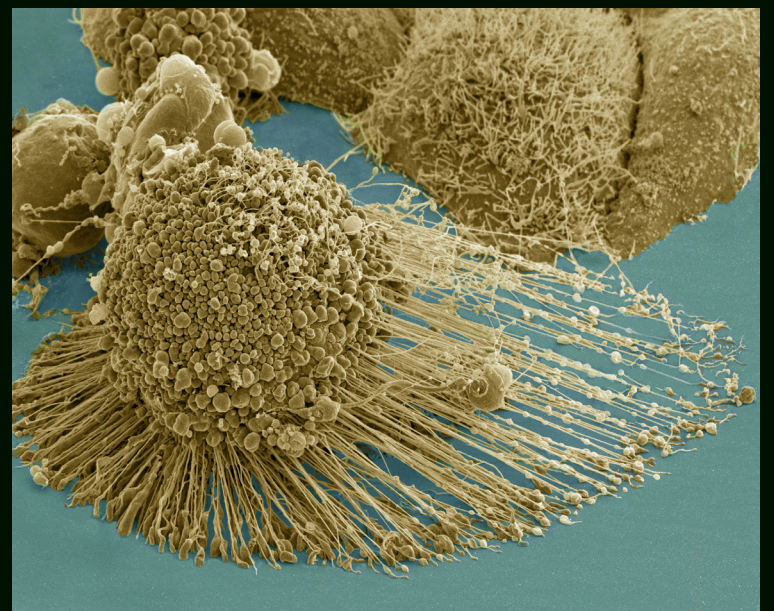

Mathematics for Medicine (Against Cancer)

August 11 – 13, 2025

Location: WPI c/o University of Vienna, Oskar-Morgenstern-Platz 1, A1090 Vienna

Speakers:

Morten Andersen	Roskilde Univ., Denmark
Alexander Anderson	Moffitt Cancer Center, Tampa
Veronika Bernhauerova	Charles Univ., Prague
Helen Byrne	Oxford Univ.
George Cresswell	CCRI Wien
Loïc Dupré	INSERM Toulouse & MedUni Wien
Jan Elias	Boehringer Ingelheim Wien
Heiko Enderling	MD Anderson Cancer Center, Houston
Polina Kameneva	CCRI Wien
Irina Kareva	Northeastern Univ., Boston
Jana Gevertz	College of New Jersey, Ewing
Angelika Manhart	U. Wien & UCLondon
Anna Marciniak-Czochra	U. Heidelberg
Thomas Stiehl	RWTH Aachen
Hildegard Uecker	Max Planck Institut, Plön
Kathleen Wilkie	Toronto Metropolitan Univ.

HeLa Cells
National Center for Microscopy and Imaging Research

Organizers:

Doron Levy	U. Maryland
Norbert J Mauser	WPI c/o U. Wien

Goals:

This workshop aims to bring together mathematicians and medical researchers for selected presentations and discussions of methods and open problems where modern mathematics including AI / ML can be useful with some emphasis on cancer. All talks are aimed at a general audience.
